Individual Responsibility

ObamaCare requires that most Americans obtain health insurance. This went into effect January 1st, 2014, and is now law.

When can you enroll?

You can apply at any time for Medicaid by logging onto [www.healthcare.gov](http://www.healthcare.gov), or meeting with a trained Navigator. If you are interested in this option, please let our staff know and we will connect you with someone who can further assist you.

The open Enrollment Period for the Marketplace is November 1, 2015 through January 31, 2015. During this period, you can apply by logging onto [www.healthcare.gov](http://www.healthcare.gov) or meeting with a trained Navigator. If you are interested in this option, please let our staff know and we will connect you with someone who can further assist you.

Important Note:

CommunityHealth understands that connecting to coverage can take some time. CommunityHealth is here to help you take the steps necessary to sign up for coverage...but it is important that you start now.

- Patients who do not qualify for Medicaid or the Marketplace will continue to be seen at CommunityHealth.
- For patients who appear to qualify for Medicaid or the Marketplace, you must provide us with paperwork showing that you are in the process of signing up for insurance. We will then be able to continue providing you with services until your new coverage begins. However, if you decide not to apply for coverage, we will provide you with information on other clinics in the area that can serve you.
- Patients MUST inform CommunityHealth when their coverage starts.
